

Schubert and His Works – Herbert Francis Peyser

This is a short introduction to Franz Schubert's life and works. "...to give the casual radio listener a slight idea of Schubert's inundating fecundity and inspiration. Like Bach, like Haydn, like Mozart, Schubert's capacity for creative labor staggers the imagination... Volumes would not exhaust the wonder of his myriad creations. If this tiny book serves to heighten even a little the reader's interest in such songs, symphonies, piano or chamber works of Schubert as come to his attention over the air it will have achieved the most that can be asked of it." This book was published by The Philharmonic Symphony Society of New York. - Summary by Author's Foreword and david wales

Read by David Wales. Total Running Time: 01:30:56
